

Environmental Health & Sanitation Chemicals

Technical Data

ARMOR PLATE

PREMIUM PROTECTIVE COATING

DESCRIPTION

Revitalize leather, vinyl, rubber, fiberglass and plastics. Ultra violet repellents protect and renew surfaces. Non-toxic, non-corrosive. Contains no rubber or vinyl harmful petroleum distillates, and no greasy residue.

BENEFITS

ULTRA VIOLET REPELLENTS PROTECT & RENEW

- Vinyl
- Leather
- Fiberglass
- Rubber
- Tires
- Plastic

DIRECTIONS FOR USE

Spray Armor Plate Premium Protectant directly onto surface, or a dry cloth. Spread evenly over surface to be revitalized and allow to penetrate into surface for several minutes. Then either buff surface with a cloth for a satin finish or allow to air dry for a high gloss finish. Armor Plate Premium Protectant penetrates immediately to restore and guard against fading, dulling, and cracking. Protect your investment -use Armor Plate Premium Protectant!
