Technical Data

BLOSSOM

PINK LOTIONIZED DISHWASH

DESCRIPTION

This lotion dishwashing detergent is specifically designed for industrial, institutional, and restaurant use where fast grease emulsification and lasting suds are a must. Ideal for cleaning heavily encrusted pots and pans. Mountains of hard working suds penetrate grease and food deposits. All pots, pans, glassware and china are left spot-free and film-free. **Blossom** contains no soap, only the finest anionic and nonionic surfactants. Although tough on grease and fat, this lotion dishwash is easy on hands.

EXCELLENCE SINCE 1964

USES / BENEFITS

- **High sudsing.**
- **Cuts greasy soil.**
- **Extremely economical.**
- **Softens hands.**
