Technical Data

BREAK AWAY

PENETRATING OIL • MOISTURE REMOVER • RUST DISSOLVER

DESCRIPTION

This premium aerosol product quickly penetrates, cleans, and dissolves rust on contact. It breaks free rusted nuts and bolts so they can easily be removed without the use of a torch. Break Away, unlike WD40, displaces moisture to prevent rusting of metal surfaces, is completely non-flammable, and has a dielectric strength in excess of 29,000 volts. It is a terrific lubricant, demoisturant, and protectant preventing things from binding and squeaking. It also has a unique wicking action, which is the ability to climb up and penetrate into bolt threads and other tight places. This product is the Ultimate for protection, moisture displacing, penetrating and lubricating.

USES / BENEFITS

- **Loosens Rusted Nuts & Bolts**
- **Displaces & Seals Out Moisture**
- **Lubricates & Penetrates**
- **Improves Electrical Properties**
- **Protects Against Rust**
- **Dielectric Strength to 29,000V**

DIRECTIONS FOR USE

Spray liberally to area to be treated holding can 6 to 8 inches from surface. Reapply periodically as needed.

PRECAUTIONS

Keep Out Of Reach Of Children. For industrial and institutional use only by trained personnel.

EXCELLENCE SINCE 1964

BREAK AWAY IS A POWERFUL MULTI-ACTION PROTECTIVE SHIELD AGAINST THE HARMFUL EFFECTS OF MOISTURE & CORROSION!
